TRANSCEND SECURITY SECURES HIGH RANK ON ACCLAIMED INC. 5000 LIST OF THE FASTEST GROWING PRIVATE COMPANIES FOR SECOND YEAR IN A ROW

Transcend Security Solutions Continues Tremendous Growth

PHOENIX, Arizona -- Transcend Security Solutions has once again secured its reputation as a recognized leader in contract security guard services in Arizona, by earning a place on the most prestigious ranking of the nation's fastest-growing private companies – the Inc. 5000 List of America's Fastest Growing Private Companies. The Inc. 5000 Auditors verify these private companies by using verified Tax Returns and other quantitative metrics. Transcend Security has proudly placed 1,342nd overall on the distinguished list, marking its second appearance on the list in only its second year of eligibility. This achievement puts Transcend Security in rarefied territory. This back-to-back recognition puts Transcend Security in an elite group of organizations that include Microsoft, Timberland, Vizio, Intuit, Chobani, Oracle, and Zappos.com.

"Our growth is a tribute to our remarkable team that has adapted as our business has transformed into where it is today," said Chris Vetter, CEO and Co-Founder of Transcend Security Solutions. "This growth has allowed us to expand our security offerings to include AI-based camera systems, portable alarm systems, access control systems, and monitoring capabilities. All-in-all, this ranking is further proof that the steps that we have taken over the past year have only solidified our position in the market. It is gratifying to be considered a prominent company in our space, and we look forward to the future."

The 332% growth over the past year allows the Inc. 5000 list to rank Transcend Security as the 19th fastest growing private company in Arizona; the 3rd fastest private contract security guard company in America; and like last year, the fastest growing private security guard company in Arizona. This is another recognition that adds to the list of honors that Transcend Security has received over the years. Transcend Security welcomes these types of recognition; but in-the-end, they are simply a measuring stick as to whether the Transcend Security model is working.

"It's an honor to be recognized once again by the Inc. 5000 and ranked alongside so many amazing organizations," said Shawn Crane, COO and Co-Founder of Transcend Security Solutions. "The last year for Transcend Security has seen a great deal of change, and much needed change for the better. This change has enabled us to focus our collective efforts on solidifying our operation, enter into new product offerings and vertical markets, and get the right people in the right chairs that share our company vision and overall mindset."

About Transcend Security Solutions

More about Inc. and the Inc. 5000

Methodology

The Inc. 5000 is a list of the fastest-growing private companies in the nation. Started in 1982, this prestigious list has become the hallmark of entrepreneurial success. The 2020 Inc. 5000 is ranked according to percentage revenue growth. Companies on the Inc. 500 are featured in Inc.'s September issue. They represent the top tier of the Inc. 5000, which can be found at <http://www.inc.com/inc5000/2020>.
